

Nay Min Thar

Year 2 Computer Science student at the National University of Singapore

tharnaymin028@gmail.com | LinkedIn | GitHub | Singapore

EDUCATION

National University of Singapore

Aug 2025 - Present

Bachelor of Computing in Computer Science

- MOE Scholarship (Undergraduate Asian Scholar).
- Completed: Data Structures and Algorithms, Programming Methodology I and II, Discrete Structures, Linear Algebra, and Calculus.
- In progress: Software Engineering, Database Systems, and Computer Organisation.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, SQL, HTML, CSS

Frameworks and data: Next.js, React, JavaFX, Supabase, PostgreSQL

Tools, testing and design: Git, GitHub, Gradle, Vercel, VS Code, IntelliJ, Vitest, React Testing Library, Playwright, UML modelling

PROJECTS

CoMatch - Student Developer, NUS Orbital

May - Aug 2026

Live application | Source code | Two-person team project

- Co-developed a teammate-finding application for university projects and hackathons using Next.js, React, TypeScript, and Supabase.
- Implemented Space creation and membership, recruitment posts, role selection, likes, comments, and application interactions.
- Built 1-on-1 messaging with Supabase Realtime, profile-to-chat routing, read states, and unread notification integration.
- Wrote component, database integration, and browser tests using Vitest, React Testing Library, and Playwright; deployed to Vercel and debugged cross-page interactions.

ACADEMIC EXPERIENCE

Digital Transformation Analysis - Synapxe NGEMR

Aug - Oct 2025

- Conducted a 60-minute executive interview with Synapxe's Deputy Chief Executive to investigate Singapore's national health platform.
- Analysed the "One Patient, One Record" data migration strategy and its implications for stakeholder governance and privacy.

CAMPUS INVOLVEMENT

King Edward VII Hall, NUS

Aug 2025 - May 2026

- KE Vision: Provided photography coverage for hall productions and sports events.
- Block Committee: Helped organise welfare initiatives and community events.
- Participated in KE Web and KE Road Relay.

ADDITIONAL ACHIEVEMENTS

Myanmar Matriculation Examination: 530/600, Top 3 in Bago Region. | Lu-Yee-Chun (Model Outstanding Student) Award.
